The 14ha used for the production of the Olivini family's still Lugana wines circle the new, ultra-modern cellars and tasting rooms, while a further 16ha, principally for the excellent metodo classico sparkling, lie on the low hills to the south. The bone-dry, minerally house style emerges to the full in this irresistibly sprightly 2020: a precise floral-herby nose and a light, crisp, refined palate with a delicate sur-lie character and tangy finish.
